Specialty: Personalized
Medicine for the Treatment of
Leukemia

Dr. Yifan Pang
Specialty: Immune System
Functional Monitoring to
Improve Hematopoietic Stem
Cell Transplant

Swim Across America-Charlotte funding supports young investigators and their research projects at Levine Cancer Institute. **Support for young investigators provides funding to a cohort of promising investigators and future research leaders to encourage and promote quality research in clinical oncology.**

Funding is designed to nurture young scientists in the pursuit of independent hypotheses and to enable them to develop the preliminary data necessary to successfully compete for major research grants.
