SINCE 2016, SWIM ACROSS AMERICA ST. LOUIS HAS RAISED OVER \$1.6 MILLION FOR CUTTING-EDGE RESEARCH AND CLINICAL TRIALS AT SITEMAN CANCER CENTER.

- ★ Swim Across America has granted nearly **\$100 million** nationwide to fund cancer research and clinical trials, and played a major role in clinical funding of **all four FDA approved immunotherapy drugs**.
- ★ Our beneficiaries have reported that for **every grant dollar** they receive from SAA, they are able to secure **\$3 in new funding** they might not otherwise have received. Locally, the SAA funded research at Siteman Cancer Center for pancreatic cancer resulted in a follow up study for **\$2.8 million** in direct and indirect funds.
- ★ **The funds raised here stay here. 100% of each SAA grant** is applied to research at Siteman.
- ★ SAA is supported by **more than 20,000 participants** and volunteers each year, including teams from companies such as KPMG and Verizon, and Michael Phelps and over 100 Olympians.
