

WHY SWIM ACROSS AMERICA EXISTS:

Every 15 minutes, 50 Americans are diagnosed with cancer. Swim Across America, the official charity for swimmers, exists to raise money for our network of doctors and researchers who are the pioneers developing new cures and treatments to this dreaded disease.

WHY HOST A POOL SWIM?

The SAA pool benefit program was developed as an opportunity for those who want to support SAA but don't have an SAA open water swim in their community or aren't able to attend an SAA open water swim.

START YOUR OWN POOL SWIM ★

We invite age group, Masters, summer, youth league, triathletes, learn-to-swim, water aerobics and any other water-based program to support the SAA cause by hosting a benefit swim at your home pool. Hosting an SAA pool swim is as easy as dedicating a practice or part of your practice.

WHERE DOES THE MONEY GO?

At Swim Across America, money raised locally is granted to cancer research and clinical trials at local beneficiaries.

TAMPA BAY CHARITY POOL SWIMS BENEFIT:

Swim Across America is certified by the BBB® Giving Wise Alliance, Guidestar Platinum status, and four (4) star rated by Charity Navigator, the highest possible rating in all categories.
